Always unique and exclusive with a perfect blend of style, creativity, and innovation enriched by the quality and craftsmanship of the 'Made in Italy' tradition, Salvatore Ferragamo's products have long been endorsed by celebrities and featured in prestigious fashion magazines across the globe.

With its beauty and traditions, Tuscany has always been a source of inspiration for Salvatore Ferragamo. CARE, PASSION, TRADITION IN THE ACCA KAPPA BODY CARE PRODUCTS

Acca Kappa. Two initials that tell an Italian story. That of a family, the Krülls, who have been at the reins of the company since 1869. Of an ancient factory, in the heart of the city of Treviso. Of a lifestyle, which comes from the taste, culture and elegance of the Bel Paese.

Acca Kappa is a historical brand of excellence in the creation of perfumes, professional brushes and products for the care and well-being of the body. A world of sensory and olfactory experiences that draws inspiration from the fragrances of flowers and plants of the Italian garden. Four generations of craftsmen and in every artifact, in every little detail, an absolute passion for simplicity and authentic beauty.

The Acca Kappa White Moss Collection is a harmonious blend of sweet, sensual notes of light wood, amber and moss, and is made exclusively in Italy.

COCHINE

Launched in 2010, Cochine is a luxury fragrance house that captures the scents and romance of the tropics – using the finest essential oils and unique ingredients.

Their principle is to create elegantly designed, perfectly scented Eau de Parfum for the skin, and professionally crafted fragrance oils for the home.

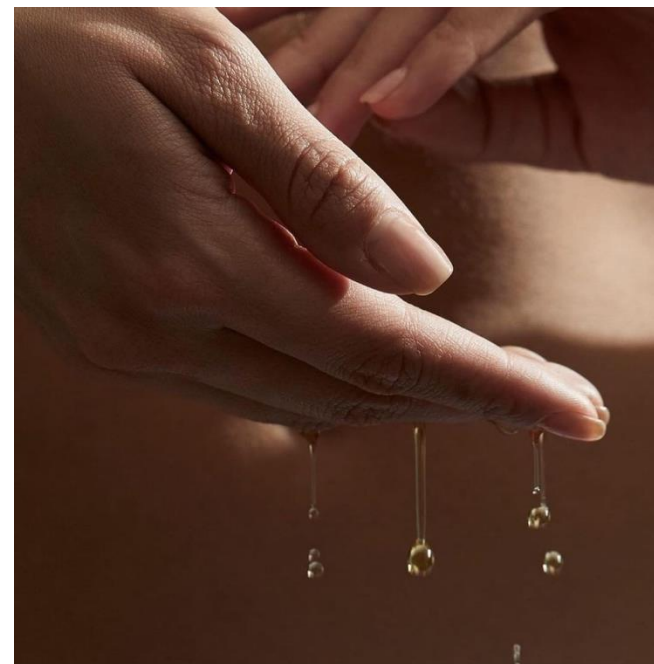

Cochine Hotelier Collection has been created from one of the brand's best-selling scents, Water Hyacinth & Lime Blossom – a beautifully fresh and invigorating fragrance, reminiscent of lazy afternoons on the banks of the Saigon River.

Starting out as therapists in the early 1970s, our founders, Geraldine Howard and Sue Beechey experienced first-hand the powerfully positive effects of essential oils on our physical and emotional wellbeing, it began a love affair with aromatherapy. Born in 1985, with a small range of therapeutic-grade products and treatments, Aromatherapy Associates continue to share the wonders and benefits of essential oils with a range of award-winning products and transformative treatments that can be found all over the world.

Made from 100% essential oils, Aromatherapy Associates fragrance opens with an accord of delicate, sweet lavender, followed by a heart of herbal lavandin and beautifully fragrant ho wood adding sweet, slightly floral and woody tones with exotic rich ylang ylang to close.

LONDON COLLECTION®

Sophistication and style are inspired by the strong architecture of major cities in the world. The London Collection encapsulates a complete package of understated elegance; crisp, clean and tailored to fit the needs of today's genteel traveller.

Antioxidant-rich botanicals of red tea, soy, ginkgo biloba, grape seed and milk thistle, renowned for their beneficial attributes, combine in a dynamic blend to restore and revive.

The fragrance utilises top notes of fresh mandarin with a heart of exotic gardenia and mysterious, rich, musky amber to close.

ENGLISH SPA®

Indulge in simple luxuries and encourage the incomparable feelings of possessing no care in the world.

The English Spa Collection infuses refinement and purity in an immaculate blend of English botanicals used at the turn of the century. Natural oatmeal, aloe, lemongrass and sea kelp invoke remedies that are both classic and timeless.

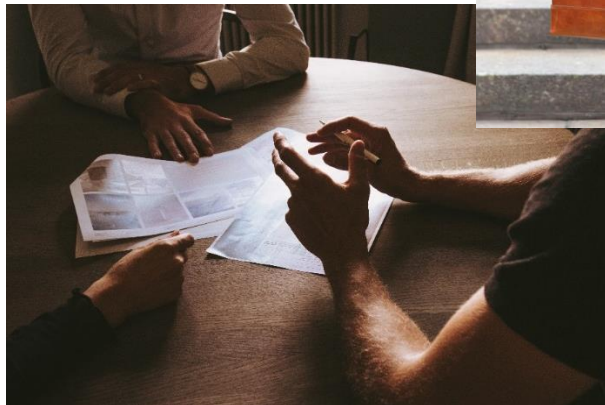

The concept was to create a brand that aligns with the millennial search for authenticity in every day experiences. Five years later we see that a generational trend has become a lifestyle.

With mass exposure to technology and social media, Guild+Pepper takes you back to living in the moment, ensuring you are your authentic self.

These are the people we pass on the street who are hip without an air of trying too hard. Their lifestyle has been a contributor to the movement toward unique local experiences in everyday life and in travel.

The warm oak fragrance is balanced by fresh hints of bergamot and Moroccan grapefruit, mixed with aromatic and spicy coriander and accompanied by a trail of sensual oud and cedarwood for a distinctly contemporary fragrance.

To create a meaningful bath and body care lifestyle brand with a vibrant, vivid style and a strong sense of eco-awareness, we looked no further than the bee.

Bees are bold, productive, and exciting with a powerful community spirit. Honey bees, bumble bees, wild bees — they remind us not only to stay focused, but to share the delights of life with others around us. BeeKind® started as a brand, but has become a driving philosophy.

To thank Honey Bees for their happy vibe and hard work, it was only right to donate a portion of BeeKind® profits to support the busy bees vitally important cross-pollination achievements.
